CIA Experts Reportedly Do  
Not Know Number in Cuba.

(By The Associated Press)  
Washington—The nation's top intelligence experts do not know how many Soviet troops are in Cuba, Chairman Richard B. Russell (D-Ga.) of the Senate armed services committee said yesterday.

Russell talked to reporters after hearing testimony behind closed doors from John A. McCone, director of the Central Intelligence agency, and other high officials of the nation's espionage network.
